

AEV

AEV is pleased to announce the addition of Specialty Vehicles to our dealer network.

Specialty Vehicles located in East Farmingdale NY will represent AEV in portions of New York including the (5) Boroughs, Long Island, Nassau and Suffolk Counties. Also, in NY State south of I-84.

Specialty Vehicles have been in business for over 80 years and offer a full staff of trained sales and service personnel. They have recently invested in a new facility in East Farmingdale that more than doubled their size, also investing in new lifts, state of the art lighting and shop equipment with plans to expand on the service provided to their customers.

We are excited about the future with Specialty Vehicles and believe the business they will bring to AEV will strengthen both of our companies. Please welcome Bob and Scott O'Neill along with their staff to the AEV team.
