

*EMISSIONS RECALL H44 – Reprogram Engine Control Module*

Dear: (Name)

Chrysler has determined that some 2007-2009 Dodge and Freightliner Sprinter vehicles may release air pollutants which exceed Federal and California regulations.

***The problem is...*** The Engine Control Module on your vehicle (VIN: xxxxxxxxxxxxxxxxx) may not actuate the EGR valve sufficiently to prevent soot accumulation, resulting in improper valve operation or sticking. Improper valve operation may cause excessive exhaust emissions, illumination of the malfunction indicator lamp and a vehicle limp-in condition.

***What your dealer will do...*** **Chrysler will repair your vehicle free of charge (parts and labor).** To do this, your dealer will reprogram your vehicle’s Engine Control Module. The work will take about ½ hour to complete. However, additional time may be necessary depending on service schedules.

***What you must do...*** Simply **contact your dealer** right away to schedule a service appointment. **Remember to bring this letter with you to the dealer.**

***If you need help...*** If you have questions or concerns which your dealer is unable to resolve, please contact Chrysler at 1-800-853-1403.

***California residents...*** **The State of California requires the completion of emission recall repairs prior to vehicle registration renewal.** Your dealer will provide you with a Vehicle Emission Recall Proof of Correction Form after the recall service is performed. Be sure to save this form since the California Department of Motor Vehicles may require that you supply it as proof that the recall has been performed.

Please help us update our records by filling out the attached prepaid postcard, if any of the conditions listed on the card apply to you or your vehicle. You may also update this information on the web at  
CCCCCCCCCCCCCCCCCCCCCCCCCCCC

If you have already experienced this condition and have paid to have it repaired, you may send your original receipts and/or other adequate proof of payment to the following address for reimbursement: Chrysler Recall Customer Assistance, P.O. Box 21-8007, Auburn Hills, MI 48321-8007, Attention: Reimbursement.

In order to ensure your full protection under the emission warranty provisions, it is recommended that you have your vehicle serviced as soon as possible. Failure to do so could legally be determined to be a lack of proper maintenance of your vehicle. Further, without this repair, your vehicle may fail a state or local emission inspection test.

We are sorry for any inconvenience but trust that you understand our interest in clean air. Thank you for your attention to this important matter.
